

Care of the Elderly: LTC - COVID-19 Vaccine Acceptance

Join us for an ECHO session about vaccine acceptance in LTC

The 60 minute session includes a short didactic presentation on implementation science as it relates to vaccine acceptance followed by a discussion about cases and experiences brought forward by participants.

What is Project ECHO?

Project ECHO is an educational program that uses videoconferencing and case-based learning to build capacity in primary care providers.

Who should attend:

Medical Directors, Directors of Care & Nurse Practitioners working in LTC who would like to promote vaccine acceptance within their teams.

Sign Up for one of these sessions:

Session 1 Thursday, March 18 from 7:00 – 8:00 PM Eastern

Session 2 Tuesday, March 23 from 7:00 – 8:00 PM Eastern

Registration is limited. To register, visit: <https://is.gd/covaxltc>
